

Maroubra Seals Snooker

Organiser cheat sheet — running a competition night

The night in five taps. Log in → Start Competition → ► Start each match (pick table) → ■ **Record result** (winner + buy-back) → **Close entries** once nobody else is coming. Repeat until the Final. Every tap undoable.

1. Log in

- **/admin/login**, or **Organiser Login** on the public page. Type code → **Log in**. Code = your name on every change.
- "Code not accepted" = typo or old code. Retry.
- Device stays logged in week to week. **Admin ▾** → **Log out** to sign out.

2. Set up

- **Name** (defaults to date). **Bracket size** 16 or 32. Size locked after start.
- Tick who is here in **Club players** → **Add > + New player** for anyone not on the list.
- Check summary line → **Start Competition** → **Start the night**.
- Draw is random. Late entries and buy-backs still allowed while entries open.

3. Start a match

- ► **Start** on the match box → tap a free table. Clock starts: 25 min, server-side, survives refresh.
- Number beside a name = rating, lower is better. Green **+7** = weaker player's start ($\frac{2}{3}$ of the difference).
- Wrong match? Tap box → ↶ **Cancel start**.
- Clock at zero: spoken "Match timed out". Match stays live until result recorded.

Round one drawn. ► Start on every ready match; table strip above.

4. Record result

- **Record result** on the live box.
- **Who won?** tap winner.
- **Buy-back decision** tap **buys back · \$2** or **declines**. Round-one loser only, once. Round two loser is out.
- Buy-back = one open slot, first come first served. None left → greyed, loser out.
- **Save result**. Winner moves up at once. Buy-back goes to a random open round-one slot.
- Wrong result? Tap box → **Review result**. OK until winner's next match starts. After that, **Override**.

Save greyed until winner and buy-back chosen.

5. Close entries

- Never closes by itself. Close once every round-one loser has been offered a buy-back and nobody else is coming.
- **Close entries** (toolbar) → card lists lone round-one players, each gets a free pass → **Close the window**.
- After: round-one losers out, late entries refused, lone players climb by free pass.
- Closed by mistake? **More ▾** → **Override** → **Reopen buy-backs**.

6. Finish

- Keep starting and recording. Winners climb automatically. **AWAITING OPPONENT** = other side not decided yet.
- Final saved → **Ratings review** opens. Check proposed handicaps → **Save rating changes** → lands on History.
- Out of time: **End night** (top right). No winner. Not undoable.
- **Abandon night** (red): scraps the night, back to Setup. Nothing counts.

7. Reference

Menus

Menu	For
Tonight	Bracket, all match controls.
Players	Club list and ratings. Add, edit, deactivate.
More ▸ Setup	Only while no night running.
More ▸ Ratings	End-of-night review. Opens itself.
More ▸ History	Past nights, handicap grid. Read-only.
More ▸ Settings	Time limit, tables, rating adjustment.
More ▸ Override	Escape hatch when a button refuses.
Admin ▾ ▸ Log out	Signs this device out.

Tonight toolbar

Control	Does
+ Late entry	Player arriving after the draw. Takes one open slot. Gone after Close entries.
Close entries	Section 5.
Pair players	Two waiting round-one players play now, random pairing.
Sound on / off	Spoken timed-out alert.
Find player	Where a player is: playing, waiting, out.
List Tree	Two views of the same draw. Remembered on this device.
Public view ↗	Read-only page everyone watches.
End night / Abandon night	Section 6.

Match box (tap it)

Control	Does
Table ▾	Move live match, or pre-note table for a ready match.
25 min limit	Change for this match only (ready match).
↶ Cancel start	Un-start. Clock and table cleared.
Review result	Change a saved result.

Record result full width, rarer taps small.

Players

Action	Notes
+ Add player	Name + rating. –100 to 200, lower is better, negative is normal.
Edit ► Save	Overrides rating. Logged with name, time, reason. Never changes tonight's draw.
Inactive	Hidden, never deleted. Not allowed for a player in tonight's draw.

Settings

Setting	Notes
Match time limit	Default 25. Affects matches not yet started.
Snooker tables	Default 4. Cannot drop below a live table.
Rating adjustment	Default top 3 by –1, bottom 3 by +2. Locked once the night starts.

Master override

Each action confirms first, then logs your name under Recent overrides.

Action	Does
Add a player	Any time, even closed or full (grows 16 → 32 first).
Remove	Unstarted matches deleted. A won match is voided back.
Reset	Match back to not started. Winner pulled from next round.
Delete	Match removed. Both players back to waiting.
Pair two waiting players	Chosen pair, no randomness.
Grant / Revoke free pass	Next round without playing, or take it back.
Reopen buy-backs	Undoes Close entries.
Grow bracket 16 → 32	Adds slots 17–32. Cannot shrink.
Abandon this competition	Same as Abandon night.

Public page

Front page of the site. No login, nothing to change, refreshes every 10 s. Tabs: **Tonight** (my match, tables, playing now, up next, results), **Draw**, **Players**. **Public view** ↗ opens it.
